

Here at Golding Young Limited we understand that when bidding online it is not always convenient or possible to collect your lots in person. We therefore introduced an in house postage and packaging department for the majority of items we sell.

Please see below a list of various couriers who regularly collect from us, including a breakdown of our own in house service.

The following specialist providers offer bespoke and considerably cost-effective shipping. Whilst they all have an excellent track record of service to our clients, they still remain your agent, not ours.

Remember you only have a 21-day period from the DATE of SALE to complain about a lot, NOT the date of receipt.

Please be organised and ensure you receive it in that time-frame.

#### **Golding Young Limited – Postage Department**

Parcels are sent every 7 days dependant on quantities. All postage requests will be processed at our discretion. If we are unable to provide you with a suitable service other couriers are available.

T: Email only service please note reception staff will not be able to assist with these queries

Golding Young Limited will invoice you separately for postage and packaging services, as this does not form part of the sale contract. This means payment will also be made separately to your sale invoice. Charges vary depending on the service provided. Postage is usually done every 7 days dependant on quantities.

#### **MBE**

A collection service is made 8 days following the Bourne, Grantham & Lincoln Collective Sales.
