The **DANNY JAMES 1975-82 MATCHBOX SUPERFAST 1-75 COLLECTION**

Hello, I'm Danny James aka "**blingatoys**" and I have been collecting Matchbox cars since I was a child with a Model Train Set. It all started with an OOHO Railway Set in which I used Matchbox Regular Moko Wheels as scenery. In the late 80's and early 90's my Dad was also a keen model car collector but with bigger, more expensive Dinky, Corgi 50's and 60's cars... I found myself sat on a stool in the corner of his shed with my neighbor (also a big Dinky collector/dealer), listening to the conversations and watching them restore and swap models, and then finding myself rummaging through their scrap box. This is where the Mokos were hiding for me to play with ...I often joined them at swap meets and toy fairs as a child, namely in Windsor, The Maltings, Kempton Park and of course Sandown Park.

So I was collecting early in life, although at this era the models in the shops were Superfast blue box era Matchbox 1-75 although I do recall one store still selling picture box Lesney models in a proper old fashioned toy store (old stock I guess) but at £1.50 versus the new era blue box at 99p it was often the blue box I bought new and the Lesneys I got at toy fairs and swap meets. One particular Lesney I do remember getting new was in the mid 80's, again probably old stock as England had gone bust by then, it was the Tyrone Malone... Now this was because we had visited Sandown Race Course as a family to watch the world famous "Wheely Truck" or a UK knock off of the SUPER BOSS which blew my mind and Mum and Dad of course bought me the Matchbox version there and then which, if you push down on the rear wing, wheelies, just like what we had seen...I took that model everywhere and still love them to this day. Skip forward 30 years and I found myself selling off the childhood Mokos and Regular Wheels I had kept from the railway and a number of Minty boxed ones including a super rare red Vauxhall Victor. Then, just a few years later around 2005, I was at a local general auction sale and saw a lot of boxed Mint Superfast cars, I looked in the box and immediately saw a No.66 Tyrone Malone, No.16 Trans Am and No.10 Plymouth Police car. At this point my childhood all came flashing back to me, playing in the dirt at home, re-enacting Smokey and the Bandit and the Wheely Truck scene and of course I was in!! - *Hooked for life.*

So after a few years of buying more and finding out the variations and buying my first guide books, I realized there was a serious collecting world out there. I then met Graham Hamilton who really opened up my eyes to it all and he took me under his wing. Then I found my OCD kicked in and I became obsessed with variations, box types, wheels, glass, seats... you name it I wanted it. At this point in my life I was into real cars too like VWs and Porsches so the No.7 VW Golf became one of my favorites, aswell as the Capri Hot Rocker. Because of my Dad's love of Capris I hunted out as many as I could find. By 2010 I was buying and selling so many Matchbox toys that I left my PAYE job at Audi and became a full-time toy dealer... In 2012 I went through a tough time and had to sell my F G H + I box collection and just kept a number of J K L boxed models like the VWs, Audis, Porsches and Tyrone's... I eventually moved down to West Sussex where I really started to add to the collection and by 2019 I put it on display in my garage. Where it has just grown and grown and grown. Now I've found my love of real cars, and working on them has grown, I need that garage space back so the time has come to sell the second part of my Lesney collection, the J K L box selection... It's been a super fun journey and I've met some amazing people and I'm still committed to buying and selling Matchbox Superfast cars from all eras, 1969 to 21st Century issues ... But don't worry my collecting habit hasn't stopped, I'm now focusing on my post Lesney, 1982-1995 collection of Matchbox, Hot Wheels, Lego and everything else cool from my 80's and 90's childhood and I intend to convert our dining room at home into "DANNYS RETRO ROOM" so you won't be seeing the end of me just yet!

Danny James

Lot 4001 - Matchbox Superfast 2 x 1c Dodge Challenger - both are white roof (slight shade difference), clear windows, chrome interior, bare metal base, 5-arch wheels - (1) Darker Shade Red Body - Near Mint to Mint in Near Mint "New" Type J Box; (2) Lighter Shade Red Body - Excellent with chrome loss to engine air intakes, in Excellent to Excellent Plus Type J Box. Conditions of Sale

The Buyer will be the highest bidder known to the Auctioneer at the fall of the hammer. Any dispute will be settled by the Auctioneer, whose decision will be final.

Bids can be placed online, prior or live during the auction, via telephone or commission.

THERE ARE NO ADDITIONAL CHARGES FOR USING THE VECTIS PLATFORM TO BID.

Please Note: The Buyers Premium will be increasing to 22.5% +VAT (TOTAL 27%) from the 1st June 2023. Invaluable bidders incur an additional charge of 5% from Invaluable, (32%)

Invaluable is now only available for our TV & Film related sales, all other sales will be held exclusively on the Vectis website.

The-Saleroom commission rate is 32.94% - *There is no VAT charged on lot prices.*

If payment is to be made by cheque and the cheque exceeds the cheque card guarantee limit, then goods can only be collected on the day of the sale if the buyer is known to us, or if prior arrangements have been made. We reserve the right to hold goods until a cheque is cleared. Lots can be paid for by credit card. Most major brands are accepted.

Commission bids will be executed at no extra charge and we guarantee to purchase lots as cheaply as possible, allowing for other bids. Successful commission bidders will be notified by email immediately after the sale. Full payment must then be sent to the Auctioneers.

Persons are reminded to handle all items with care. Any loss or damage will be payable at a cost to be decided by the Auctioneer, whose decision will be final. Please be careful.

We have endeavoured to describe items as accurately and as fairly as possible.

The terms we have used to define condition are detailed in the Condition Classification. The classification relates to the appearance of an item. No warranty can be given to the mechanical or electrical operation of any item. It must be understood that any description or assessment of an item or its condition must be regarded as opinion only, and cannot form part of any legal contract.

Where we have identified particular faults or damage to items it must be understood that reference to such faults does not imply the absence of others, nor does the lack of such a reference imply that an item is free of faults. Prospective purchasers must satisfy themselves as to the suitability of lots before buying. Only in the event that an item should be found to be a deliberate forgery, could a transaction be rescinded. Once this is proven to the Auctioneers, then all money paid will be refunded, provided the item is returned within 7 days of the sale in the condition it was sold.

Telephone Bidding

As of the August 2023 auctions, there is a £100 minimum phone bid in effect

If you would like to bid live via the telephone please contact us prior to the day of the auction on +44 (0) 1642 750616. On the day of the sale you will need to be available so that we can contact you via the telephone during the live auction. This option is available for ALL LOTS OVER £100 and there is NO CHARGE to you. We will call you several minutes prior to the lot being offered for auction. We cannot guarantee that all telephone requests will be honoured due to the rising demand for telephone bidding. Although we will try to accommodate every request, we cannot be held responsible for any missed calls due to human or technical errors.
