

3 DAY AUCTION APRIL 15-17

 **Hyzon**

Manufacturer of High-Performance Hydrogen Fuel Cell Systems for FCEV's

Bolingbrook, IL & Troy, MI

Apr 15 - 17

9:00 am CT
Timed Online Only

Battery Test Equipment

- (2) Arbin Instruments MZTC Laboratory Battery Test Systems
- AVL E-Storage BTE250 Battery Tester & Emulator System
- AVL E-Storage BTE250 1200 Battery Tester & Emulator System
- (2) dSpace Scalexio HIL Simulator Rack Systems
- (2) NHR 9300 High-Voltage Battery Test Systems
- Bloomy Battery Simulator 1200 Test System

Fuel Cell Testing

- (3) Scribner 850G Fuel Cell Test Stations w/ Accessories & Options
- (4) NBT PEM-10KW Fuel Cell Test Systems
- NBT PEMFC-100W Fuel Cell Test System
- Custom Designed Test Cell w/ (7) Elektro-Automatic PSB & PSBE 11000-80 4U 30000W Bi-Directional DC Power Supplies

Battery Cell Membrane Production

- 5 & 7-Layer Web Converting Lines
- Coated Lamination Line
- (2) Slitters
- Fully Automated Membrane Electrode Assembly Cell
- Lab Equipment for Pouch Cell Production
- Carver CMG50H-24 50-Ton Heated Platen 4-Post Press
- (2) Arise Web Guide Roll Units
- Tippmann Die Cutting Press
- International Cutting Die Station

Electronic / Electrical Test & Measurement

- TektronixMDO34 Mixed Domain Oscilloscope
- Tektronix TDS 2004B 4-Channel Digital Storage Oscilloscope
- Tektronix AFG1022 Arbitrary Function Generator
- Keysight 34465A 6-1/2 Digital Multimeter
- Keysight 34980A Data Acquisition System
- Keysight N9321C Spectrum Analyzer
- Keysight E4980AL LCR Meter
- Hioki 3561 & 3563 Battery HiTesters
- Hioki ST5520 Insulation Tester
- Hioki PW8001 Power Analyzer
- (3) Hioki CT6875A Current Sensors
- Aemc 1050 Megohmmeter
- (2) Chroma 19073 AC/DC/IR Hipot Tester
- Chroma 62180D-1200 Bidirectional DC Power Supply
- Chroma 62120D-100 Bidirectional DC Power Supply
- Chroma 61815 Regenerative Grid Simulator
- Large Quantity of Power Suppliers - BK Precision, Instek, Wanptek, Topward, Rigol, UNI-T, Dr. Meter, Keithley, TTI
- BK Precision 4055B Dual Channel Function/Arbitrary Waveform Generator
- CorrTest CS1005 Power Amplifier
- (2) Lvyuan DT-500VA Voltage Transformer, 110 - 230 Volt
- Upton F80 Air Flow Tester
- (4) Innomatec LTC-502 Leak Test Computers
- Rohde & Schwarz RTH1004 Digital Oscilloscope
- Rigol DHO4804 Digital Oscilloscope
- (2) Rohde & Schwarz RT-ZC-03 Current Probes
- (2) Tektronix A621 Current Probes
- (2) Teledyne Lecroy CP500 Current Probes
- Teledyne Leroy MSO-DLS-001 16-Channel Digital Lead Set
- Teledyne Lecroy HVFO108 High Voltage Isolated Probe
- Teledyne Lecroy ZD1000 Differential Probe

Electronic / Electrical Test & Measurement (cont.)

- (2) Rigol RP1006C Current Probes
- (2) Tektronix THDP0200 High Voltage Differential Probes
- (4) Rigol PHA 1150 High Voltage Differential Probes
- (2) Yokogawa 701978 High Voltage Differential Probes
- Pico TA041 Differential Probe
- Pico Picoscope 4424A 4-Channel PC Oscilloscope
- (2) Fluke True RMS Multimeters, (1) 287, (1) 179
- (3) Fluke 1508 Insulation Testers
- (2) Fluke 88V Automotive Multimeters
- (2) Fluke 87V True RMS Multimeters
- (2) Fluke True RMS Multimeters
- (2) Fluke 107 600V CAT III Multimeters
- (2) Fluke 15B+ Digital Multimeters
- Fluke i30 Current Clamp
- Fluke i2000 Flex Current Probe
- (2) Fluke i400 Current Clamps
- Extech 380260 Digital Megohmmeter
- Power Probe IV Diagnostic Probe Adapter
- Klein MM600 Multimeter w/ CL390 Clamp Meter
- Extech PRC30 Multifunction Process Calibrator
- (4) Assorted Infrared & Digital Thermometers
- (3) Hikmicro E1L Thermal Imaging Cameras
- Omega OM-HL-EH-TC Data Logger Thermocouple Thermometer
- (2) Conductivity Meters
- (4) CWT PEM Rogowski Current Waveform Transducers

Gas Testing & Detection

- SRS BGA2Binary Gas Analyzer
- ATI Porta Sens III Gas Leak Detector
- (3) Inficon Gas-Mate Gas Leak Detectors
- PCE -PCO 1 Particle Counter
- IPS Hydrogen Power Portable Gas Detector
- (3) Assorted Portable Gas Detectors
- Fluke 719 100G Pressure Calibrator
- (2) Degree Series 400 Air Flow Sensors w/ Rooster 100 Monitors

Test Chambers

- (2) Cincinnati Sub-Zero ZPS-44-6-SCT/AC Environmental Test Chambers
- (2) Cincinnati Sub-Zero ZPS-16-2-H/AC Environmental Test Chambers

- Ryobi TSS-103 10" Compound Miter Saw
- Omtech SH-G570 Engraving Laser
- Miller Multimatic 250 Multiprocess MIG/TIG Welder
- Hobart Airforce 27i Plasma Cutter w/ Cart
- Dayton 2HNT3A Portable Fume Extractor
- (2) HBS Visar 650 Stud Welders

Plant & Production Support

- (2) Yaskawa YR-1-06VXCP10-200 CNC Robots
- (2) Gobel Workstation Crane Systems – 15'W x 75'L and 20'W x 75'L
- 5-Ton Free-Standing Bridge Crane (Not Installed)
- 190'L x 30'W Cleanroom with (2) Pass-Through Stainless Steel Air Showers
- Sullair DSP37AYTN 50 AC 50-HP Rotary Screw Air Compressor (2021)
- Sullair SRB375 Refrigerated Air Dryer
- Atlas Copco TCX 20A Process Water Chiller (2023)
- DeWalt DXCM301 Single Stage Compressor
- Kobalt 0790117 Quiet Tech Portable Air Compressor
- GrowiniX Series 2000 Portable Reverse Osmosis Filtration System
- Toyota 8FBCU25 4,750-Lb Electric Forklift Truck
- Toyota 8FBCU25 4,500-Lb Electric Forklift Truck
- Phoenix Fire Safe 500 Series Double Door Safe
- Kratos Double Door Stainless Steel Commercial Refrigerator

Inventory

- Hyzon VLIII200-50 200-kW Fuel Cell Systems (to 2023)
- Large Quantity of Batteries
- Wire, Terminals, Connectors, etc.
- Large Quantity of General Use Truck Maintenance & Repair Parts
- Large Quantity of Electrical & Mechanical Parts

April 10, 2025**

IP is Not included in Auction. Interested parties need to contact project+hydrogen@hilcoglobal.com

Hyzon Motors was a manufacturer of high-performance hydrogen fuel cell systems, specializing in zero-emission power solutions for commercial trucking and other demanding industries. Founded in 2020 as a spin-off from Horizon Fuel Cell Technologies, the company developed fuel cells that converted hydrogen and oxygen into electricity, emitting only water. Hyzon partnered with companies like Schlumberger Limited and Performance Food Group and deployed its first fuel cell electric waste collection truck before ceasing operations.

Available Assets Include:

- (105+) Patents and applications with global coverage
- License rights to (55+) patents and applications jointly owned by Hyzon and Horizon Fuel Cell Technologies
- Additional intellectual property rights including registered and unregistered inventions, ideas, trade secrets, know-how, methods, formulas, and designs
- Specific machinery, equipment, and inventory related to the proprietary operations of Hyzon such as:
 - Primary production machinery & equipment: cell production lines, 5 & 7-layer web converting lines, coated lamination line, slitters, membrane electrode assembly, battery & fuel cell test equipment, lab equipment for pouch cell production
 - Inventory: parts & components for production of hydrogen fuel cell systems & truck power conversion kits, finished & in process fuel cells, and more
